

LAW ENFORCEMENT PATROL RIFLE INSTRUCTOR

This course teaches how to instruct basic rifle marksmanship and officer survival tactics for the patrol environment using academic and practical teaching methods. Instructors should already be proficient with the patrol rifle. It is recommended, but not a prerequisite, that students should be either a firearms instructor or tactical team member, as students with those backgrounds tend to excel in this course. Graduates of this course will be able to instruct basic rifle marksmanship to the police officer and make educated recommendations to the administration on deployment, equipment, & policy issues for the patrol environment. Every graduate will have demonstrated proficiency in the weapons use from various shooting positions distances. Instructors will be exposed to moving targets, shooting on the move, engagement of multiple adversaries, hostage rescue evolutions, judgment and scenario training, and intermediate barrier engagements.
