

REALITY PISTOL 4 -
COUNTER VEHICLE AMBUSH TACTICS

Unfortunately ambush style attacks against law enforcement and civilians alike are not uncommon in our society. This course understands the fact that many in the civilian and law enforcement field have not had the proper training in recognizing and dealing with ambush situations while in their vehicles. Our course will instruct the student in the most realistic escape and evasion tactics, force of force scenarios, and live fire counter ambush strategies. Students will come away with a solid set of skills and a clear understanding of how to recognize, escape, evade, and fight out of an ambush while in, or around their patrol vehicle. The course will cover the following:

1. Observe and recognize the different types of ambushes
2. Advanced firing positions
3. Applying critical strategies and tactics to successfully prevail in an ambush
4. Learn and apply tactics in escaping and evading out of an ambush while sitting in the vehicle
5. Learn and apply live fire tactics while under stress while inside and outside of the vehicles
6. Learn and apply critical tactics while using the vehicle as cover
7. Scanning and moving to cover
8. Learn and apply multiple firing points around the vehicle
9. Advanced strategies and tactics in the deployment of the pistol in and out of the vehicle
10. High stress force on force scenarios (where available)

Equipment list: (Mandatory)

1. Pistol w/2-3 magazines
2. 500 rounds practice ammo
